*Salary schedule is static for the school year. Teachers do not move lanes during the school year. In order to move lanes for the following year, transcripts must be provided by August 15th. Lanes and steps are provided for the purposes of placing new teachers on the schedule. As agreed in negotiations, every teacher will earn a 5% increase in salary in FY19, a 4% increase in salary in FY20, and 4% increase in salary in FY21; this is achieved in the steps provided. In addition, all salaries in black on the schedule represent returning staff members. The small number next to each represents the number of staff members at that step and lane as of 1/22/2019.

Total Salaries for 18-19: \$3,813,405.28
